25X1A

1. The Secretary circulated copies of a summary of Utilization Advisory Board policy and announced that he would send copies to all Board members through appropriate channels. Suggested amendments are invited.

25X1C 2. It was confirmed that it is the intent of the Board to make available to the [redacted] all reports fabricated to make sanitized information from TALENT material available outside of the TALENT system. Some reports produced by Deputy Director (Plans) will have to bear a [redacted] classification initially 25X1C but this restriction can be eased to permit dissemination 25X1C to the [redacted] upon request by a [redacted] intelligence customer. The Secretary of the Board will study the problem of establishing an automatic procedure to initiate such requests.

25X1A

25X1C 3. Mr. [redacted] of Office of Research and Reports presented for discussion an informal proposal for the use of [redacted] cover for the release of useful but 25X1C not highly critical TALENT information. This and several other ideas were discussed. It was agreed that the Office of Research and Reports would prepare a formal proposal for consideration by the Board and that the Secretary would discuss with Deputy Director (Plans) representatives the problems involved in expanding the use of Deputy Director (Plans) [redacted]
